

SAVINGS THAT GO DIRECTLY TO YOUR BOTTOM LINE

ASR[®] AUTOMATIC SCRAP RECYCLING SYSTEMS for blown/cast film and tape

PAYBACK IN WEEKS

EXTRUDER THROUGHPUT PPH

WEEKS TO PAYBACK

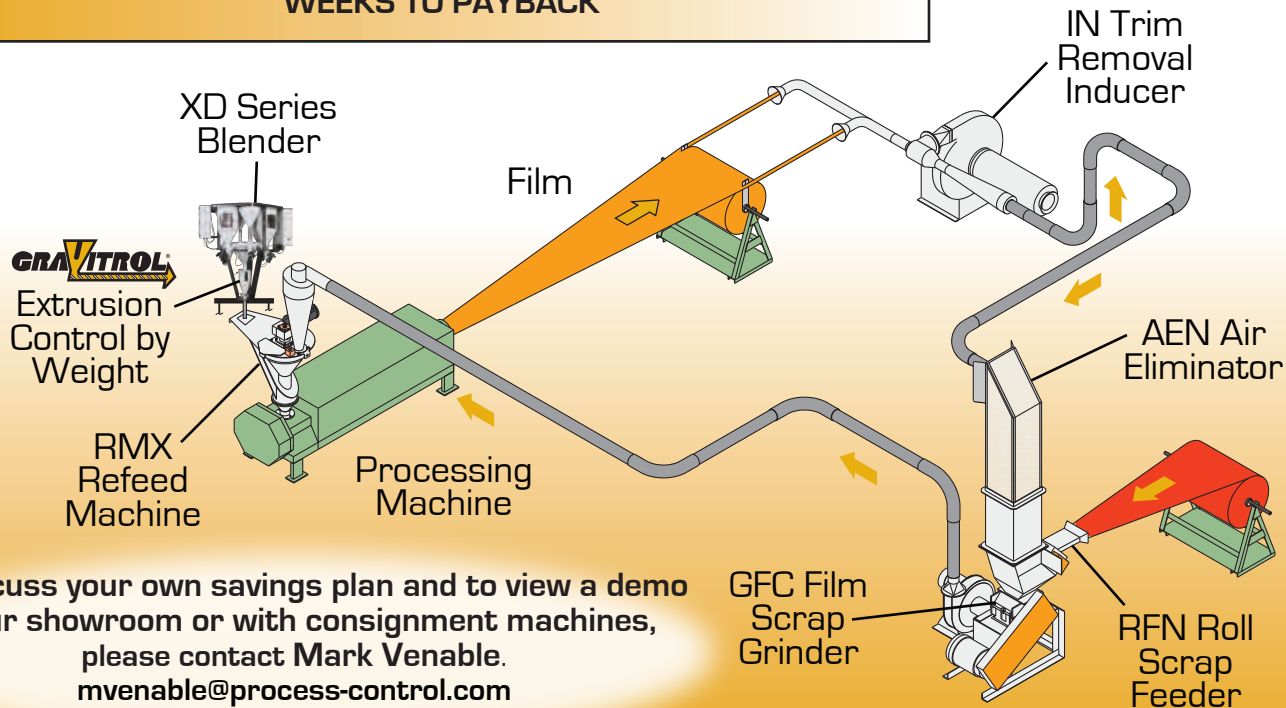

- The payback time is for selling scrap for \$0.50/lb and buying virgin blend for \$1.30/lb.

- In the case of repelletizing in house, the payback time is approximately 2.7x.

- After payback, of course the savings go directly to the bottom line.

- Power consumption for the ASR system is approximately four-fifths less than repelletizing.

- Scrap suffers no additional heat history.

To discuss your own savings plan and to view a demo in our showroom or with consignment machines, please contact Mark Venable.
