2018 NPE Show Orlando, Florida

Process Control Corporation will be exhibiting at the NPE Show in Orlando, Florida May 7-11, 2018. G2 1.0kg up to 400PPH throughput and our G2 2.5kg up to 820PPH throughput both equipped with detached weigh hoppers and removable cartridge dispensing gates easy maintenance and clean out. All our batch blenders have a dispensing accuracy of $\pm 0.02\%$ per ingredient.

As shown, 6 element X2 gravimetric continuous blender. These blenders offer unsurpassed blend accuracy and homogeneity by continuously flowing each ingredient through a cascade chamber.

A 3 Layer Gravitrol – material extrusion control offers improved quality and reduces product waste. The X2 Continuous and Gravitrol will both be controlled by a redesigned 10.1" C70 touchscreen PLC. The C70 has a more powerful Intel ATOM Processor making it much more responsive.

In 2018 Process Control Corporation enjoys over 50 years in business supplying auxiliary equipment to the plastics industry!
