## FOR IMMEDIATE RELEASE

## JULY 2012

### Process Control Begin Social Media Campaign

Process Control Corporation has launched several social media accounts to help stay connected to customers and breaking news in the plastics industry.

The latest news from PCC will be featured on our blog (seen right), which will be updated every Tuesday and Thursday. Features will include product releases, technological breakthroughs, company events, and conference reports.

Established in 1967, PCC has an unending commitment to the design and engineering of advanced auxiliary machinery for the plastics processing industry. Our goal is to provide the most accurate equipment and exceptional customer service. We revolutionized processing with development of Automatic Scrap Recycling for in-line processing of film scrap and the first continuous gravimetric blending system. Process Control continues to lead the industry with advanced design and innovative solutions for the global marketplace.
